

The Hornets & Bumblebees 2018 Development Squads

Skill Development Programmes

Hornets is open to all Manly Vale FC registered boys & girls aged 9-12 years.

Bumblebees is open to all Manly Vale FC registered boys & girls aged 5-8 years.

The Manly Vale FC Development Squads will once again be led by our Coaching Director, Tony Bruzzano (W-PL Coach) & Scott White (Development Coach) with the assistance of “C” qualified and skilled coaches to promote the importance of respect & teamwork while focusing on improving each player’s individual core skills.

This development phase looks at the skill acquisition of the core skills. Each training session will focus on improving your child’s ability to perform one of the game’s 4 core skills as outlined by the current FFA National Football Curriculum. The program will look for continuous improvement to develop the players’ first touch, striking the ball, running with the ball and 1 v 1 abilities and the decision making associated with these core skills. This means each session will follow a specific theme of

learning with a clear session objective and structure designed to maximise participation, decision-making and of course their contact with the ball.

Dates and Times for these squads are still to be confirmed. Please keep an eye out for an email from either the club or your team manager that will advise when the programmes will commence and how to register.
