6. Now this brings you to the “Create your Football Account” page where you can either create a PlayFootball account or login with an existing account.

*****NOTE: This is different to any previous account you may have had with the previous MyFootballClub system.**

So set yourself up with a new PlayFootball account. You will then be able to find and link your earlier records from the old MyFootballClub system and any other family members with the same email.

*****NOTE: If registering children, set up the parent's account first even if you didn't previously have an account.**

You can then link your child's account (with same email) to the primary parent account. The first account you make with the family email will be the primary account!!!
